

Specifications

Input Voltage	12-24VDC
Wattage	7 W
Operating Temp	-20 to 70° degree
Protection Grade	IP65
Luminaire	SMD LED Strip
Control Gear	Onboard
CRI	> 80
CCT	6500K (Cool White)
LED make	Edison / Everlight / Bridgelux
No. Of. LED's	96
Lumens	700 Lm
Light Viewing Angle	120°
Diffuser	Polycarbonate
Fastening	Screw Mounting
Average Lifespan	30,000 Hrs

Features

- Ideal for Control Panels & Machines
- CE Certified
- IP65 grade protection
- Excellent Cool Day Light illumination
- Lamp with high grade components
- Heat resistant & shock proof
- Easily mountable
- Stringently checked on various criterion of performance
- Longer functional life & Cost Effective
- Modular design with Superior Finishing & Tamperproof packaging
- Widely used in automobile, Production & Electrical Engineering industries
- Optional ON-OFF switch available
- Optional Magnet available

Ordering Code

SMC-MPL-7W-24V DC

Dimensions: 300 X 35 mm
